ALL SCHOOLS CHAMPIONSHIPS

Albert Park

Collingwood was very well represented at the All Schools with a wide variety of athletes. There were a number of terrific performances put up by our people as can be seen by the list of performances below.

Mention must be made of two very brave performances, one at each end of the three day program.

In the first event of the weekend, Jacob Barnes crashed heavily at the last water jump in the steeple, but although challenged after the last hurdle, fought on to take the title.

And in one of the last events of the championships late on Sunday afternoon, Amy Cornell crashed to the track after running 240m in the first lap of her final of the 800m. Having run a three second PB in the heat, Amy was full of confidence but was brought down after being clipped by another runner. Of course Amy got up and ran on although very disappointed with her predicament. It was only after the race that we all realised that Amy had broken her arm in the fall.
