CREEK CROSSING CLASSIC

Clifton Hill

The new winter season kicked off with this now ‘traditional’ pipe opener held from our track just prior to the season proper. There was again an increase in the number of participants, again due, in no small part, to the efforts of **Liam Delany** who recruited a number of starters for the event. Hopefully some (or all) of these runners will choose to don the black and white for the coming season.

It was good to see **Ailsa Buckle** back in harness. Ailsa spent nearly all of 2011 in Cambodia as an exchange student and has comeback fitter than ever and is quite keen to have a go at some of the longer races.
