Annual Report for Collingwood Harriers Athletic Club Inc., incorporating Kew-Camberwell Athletics Club. This report has been prepared for the club AGM on Thursday 6th June 2019. The report represents the 91st Annual Report of the Collingwood Harriers Athletic Club, which was founded in 1926 (Affiliated with Athletics Victoria on 14/4/1926).

COLLINGWOOD HARRIERS ATHLETIC CLUB MISSION STATEMENT

We are a friendly and supportive athletic club that aims to create an environment of inclusivity and community, and encourages health and wellbeing for all members. We provide training opportunities at our own athletic track and Clubrooms in Clifton Hill, and Summer and Winter competition through Athletics Victoria.

PRESIDENT'S REPORT

As President, it is my proud responsibility to present to you the Annual Report of Collingwood Harriers Athletic Club, and to report to you on the activities of the Club and its Committee for the period from 1 April 2018 to 31 March 2019.

This year has seen progress on a number of important issues, although more is still needed to be done.

GOVERNANCE

The Constitution mandates that the Committee will meet at least four times during the year. This year the Committee met a total of 10 times.

During the year, two Committee members, Liam Delany and Kirralee Radford, were noted to have not attended three consecutive Committee meetings and were therefore no longer members of the Committee (see Constitution S. 59). Subsequently Liam Delany made application to rejoin the Committee, in his original position of Winter Team Coordinator, and the Committee approved this. Kirralee Radford was offered the same opportunity but did not reapply.

A Special General Meeting was held on 12 February 2019, to amend the Constitution to allow any person who had registered to be a member of the club within the 12 months prior to the AGM to vote and to stand for office at the AGM. The intention was to allow summer competitors, who typically do not re-register until the spring months, to fully participate at the AGM. It had been an anomaly in our Constitution since its adoption in 2016.

The Committee has set up several sub committees to progress the day to day work of the club, including summer, winter, and coaching subcommittees.

FINANCES

The Club's finances continue to be in excellent shape, with over \$130,000 invested or banked. It will be the responsibility of the new Committee to consider how best to use these funds for the benefit of members. An audited Finance Report is at the end of this Annual Report. I refer members to the Report from our Treasurer Sofie Fabre, notably the reduction in income arising from being unable to hire the track during reconstruction.

The arrangements for hiring of the track to schools and users takes many hours of work, almost entirely done by our hard-working Treasurer, Sofie Fabre. This is the major source of income to the Club, and if it were not for the many hours put in by Sofie, we would not be in such a good position financially.

A separate fund, referred to as the "Coulson Reserve Trust", held monies originally generated from certain lease fees some decades ago. These funds, amounting to almost \$31,000, had been carefully nurtured over many years on behalf of Collingwood Harriers, most recently by Terry Lanham and Bruce Conboy. This amount was transferred to our main operating account late in the reporting year.

COACHING

Critical to any sporting club is the quality of its coaches. For athletics clubs this is even more important due to the number of disciplines involved – jumps, throws, sprints, hurdles, middle and long distance, walks, steeplechase etc. Collingwood has some outstanding coaches, but improvements in the coaching program and coordination were needed. Work led by Committee member Andrew Dawson has headed in the direction of better coordination and integration of and between our coaches. This is a multi-year task and outcomes will of course not happen overnight. Please read the Coaching Report later in this Report.

TRACK RECONSTRUCTION

We were delighted when the City of Yarra decided to reconstruct the Collingwood athletics track. This was a substantial project, entailing complete removal of the old red track and the asphalt base, resettling of the crushed rock base, levelling the track, and laying of new asphalt and 2 layers of track surface.

The long jump and pole vault runways and the high jump fan were to be resurfaced. Other work was to include fixing drainage around the track and barriers to tree roots, upgrading the steeplechase water jump to IAAF standard, laying water lines to the long jump sand pits, new takeoff boards on the long jump/triple jump runways, and a conduit under the finish line to carry power and data cables to the inside of the track.

Work commenced in January 2018 – already late - with an optimistic finish date of end of April 2018. It seems that the contractor began to fall behind schedule almost immediately, and as often happens with construction projects, problems were then found which further delayed the work. The track work was not completed before the rain and cold of winter made further work impossible. Finally the new track was available for use in October 2018.

The Committee was disappointed about the delays in completion of the work, however the new track is a great improvement and a delight to run on. We continue to discuss with Council some minor matters to complete the reconstruction.

BACK TO TRACK

In February, we put on a large event to celebrate the official reopening of the track following its resurfacing. This was the first time that we have delivered an event in collaboration with both Collingwood Little Athletics Club (CLAC) and Collingwood Master Athletics, and bringing the club together created a fun, inclusive environment with attendance and competition from all age groups. Thanks to the receipt of a grant from Athletics Victoria, we could provide a free BBQ and entertainment (jumping castles, photo booth, face painting. Live music) to all attendees, which included club members as well as other members of the local community. A special call out must go to club members Liam Werrett and Paul Viney for contributing their musical talents! Based on the positive feedback from this event we will look to deliver further events in conjunction with our partner clubs in future years.

RELATIONS WITH COUNCIL

The Club and the Committee continue to maintain good relations with The City of Yarra Council (CoY). Mayor Danae Bosler was invited to the Club's cross country championship and the Back to Track day.

CoY owns the athletic track and grounds, and is effectively our landlord. Collingwood Harriers pays an annual Licence Fee to CoY for our use of the track, which entitles us to hire out the track and retain the hire fees, while CoY pays for maintenance and general upkeep. We are incredibly fortunate in having an athletics track which we can hire to users, a supportive Council that pays for track maintenance and general repairs and upkeep, and a relatively modest Licence Fee to Council for our use of the track. In turn, the Club charges schools and community groups relatively low hire fees for their use of the track.

The Licence Fee to Council of \$5500 plus GST plus CPI will continue for another 5 years. Council has requested that the Club contribute to servicing of sanitary bins, \$1656 annually, and to a trust fund for future repairs to the track, and to take responsibility for some minor maintenance.

I appreciate the effort put in by Council staff, especially Peter Mitten, Kimberley Castiello, Mark Donnellan and Justin Hanrahan.

COMPETITION

Central to our Club is the Athletics Victoria competition in both summer and winter; reports on those are elsewhere in the Annual Report. At senior level we are not doing as well as we would hope. We field one of the largest winter teams in the men's competition, but we lack competitors in the top echelon, and all our senior men's teams suffer as a result. On the other hand, senior women and juniors had promising results.

In summer, our men's team were the red zone leaders, and both men's and women's teams went to the AV Shield Final. However only about 12 Collingwood male athletes, and 5 women athletes, were eligible and available to compete at the finals, and of course we made little impact.

Recruitment continues to be critical to achieving more in AV competition.

ELITE ATHLETES

Virginia Moloney ran the marathon at the Commonwealth Games on the Gold Coast in 2018.

Adam Garganis competed at the IAAF World Road Race Walking Team Championships in China in 2018.

This year saw a large number of Collingwood Harriers records broken and many championship medal winners: see the tables at the end of this report. Three athletes deserve special mention. Wolfgang Cotra-Nemesi won an age group gold medal at the Australian Championships in the 1500m in a time of 4:15.67 on 1 April 2019 (strictly belongs in next year's report). Chris Boylen broke the Victorian record for his age group M55 in pole vault, clearing 3.54m, in August 2018. And Erchana Murray-Bartlett ran the Sydney Marathon on 16 September 2018, and was 10th woman over the line in 2 hours 52 minutes (net), for which she gained third place in the Australian Marathon Championship; then returning to Melbourne, she ran the Melbourne Marathon on 14 October, coming third in a time of 2 hours 54.

OFFICIALS

Collingwood Harriers should be proud of its officials. Four of our officials were at the 2018 Gold Coast Commonwealth Games: Tony ('Rocket') Williams, Kevin Wigmore ('Wiggy'), Gary McBroom ('Sweeper'), and Matthew Webster, out of just 32 officials from Victoria; no other Victorian Club had more of its officials selected. Kevin Wigmore was named 'Official of the Year' by Athletics Australia.

ASSETS

The Club has a wide range of equipment used for training and competition, which had been undocumented for some years. Work led by various Committee members now means that we have an up-to-date assets list, with a valuation of \$142,000, and we now have adequate insurance coverage.

THANKS TO COMMITTEE MEMBERS AND OTHERS

The work of a committee relies on the contributions from its members. My thanks go to the Committee members for their efforts during 2018–19.

As Secretary, Andrew McAdam made life easier for all of us with his organisational skills and legal acumen.

Sofie Fabre, as Treasurer and with responsibility for coordinating bookings, put in many hours into this combined role. We all need to acknowledge her efforts.

Liam Delany and Doug Leutchford, as winter and summer coordinators, were fantastic in communicating with, organising, encouraging and supporting athletes, and getting parents and others to carry out rostered duties.

Lou Santiglia was a significant committee member in the role of Administration Coordinator.

Vice President Scott Lovell seemed to be a part of so many things, but especially with coaching.

Steve Griffiths had as his official roles Registrar, Records Officer, and Committee member, but did so much more, being at just about every winter and summer round, Club events, working days and training evenings, and always contributing as a club helper when needed at AV events.

Lewis Sullivan made inroads to improving our social media and website, and organised 'Back to Track', assisted by Paul Wallace.

Andrew Dawson made huge steps to improving our coaching framework.

Thanks to our coaches and AV officials and to all the parents and others who offered their time at any number of events and competitions across the year.

Lastly, Bernie Leddin as our caretaker was much valued, and his untimely death caused much sadness in both our club and the Collingwood and Coburg Masters groups where he will be remembered as a fierce competitor and a good friend.

It is always a risk thanking people, because someone may be left out and be offended, so if I have done so, please accept my apology and my thanks.

IN CONCLUSION

I look forward to the Committee's work, and the Club's activities, over the next year 2018–19

Jim Hopkins

President 2018-19

TREASURER'S REPORT

It has been a challenging year for our club with limited access to our track and this has also been reflected in the statement of accounts. However, the associated financial losses have been kept to a minimum through successful negotiations with our landlord, the City of Yarra for lease payment relief and track access during the construction period. The track closure impacted bookings from December 2017 to October 2018 and this is reflected in the lower net profit in 2018 and 2019 as shown in the graph below.

Operating Profit History

*Total adjusted to reflect fundraising deposits this year that were earned and not banked

The spike in 2017 is attributed to some reduced spending but also to the acquisition of new business that we can expect to continue to benefit from now that the facility is fully open again. I am also pleased to say that all but two schools have returned now that the track has re-opened, and I have contacted the new teachers at those two schools to visit our wonderful facility.

We are a heavily used track, due largely to our prime location and excellent facilities, but also due to an efficient booking process and the excellent service we offer through our groundsman assisting with opening and closing of the site for schools and other irregular bookings. Our much-loved groundsman was a fixture of the track and it is a sadness all our users have expressed when they learned of Bernie Leddin's passing. I am grateful for the great spirit of those members that have stepped in to help until we found a new groundsman.

This year we also won two grants from Athletics Victoria Foundation. These included \$2,000 to cover the Back to the Track open day and \$8,000 to put towards new high jump mats. The event expenditure is shown in the accounts; however, the grant will appear in next year's accounts. The mats are currently on order and awaiting construction of a new shed to house them for delivery in 2019. We thank Collingwood Little Athletics Club who will co-fund the new mats and shed.

Income breakdown

Total income*:
\$31,428.64

* Excludes transfer of \$30,826.58 Coulson Reserve Trust Transfer

Expenses breakdown

Total expenses:
\$25,769.73

*Includes caretaking, cleaning, utilities

Your subscriptions continue to be a significant source of revenue for the club. I have been asked from time to time what the club does with your subscription money. The answer to that question depends on how you use your club. XCR athletes directly benefit from free entry into all of the many relay races which are paid for by the club. The catering at club events is also paid for by your subscription. Track and Field athletes benefit from the access to facilities and equipment.

The committee has viewed the completion of the track upgrade as an essential precursor to any consideration of any other upgrades to the club equipment and facilities. With the completion of that upgrade, the committee can turn its attention to other upgrades and to consider utilising the club's financial assets, which are presently in a fairly healthy position as shown in the accounts. This will be a feature of the club's future strategy.

Finally, I would like to say a big thank-you to Terry Lanham for his services to the successful financial operation of our club. A qualified accountant, Terry's skills have been invaluable to me over the last 7 years as Treasurer and to many other Treasurers in half a century of auditing this clubs accounts. Please join me in thanking Terry in this his 50th and final year as Auditor. We wish you well in your official retirement.

Dr Sofie Fabre

Treasurer 2018-19

WINTER SEASON REPORT

MEN'S HIGHLIGHTS

Throughout the Athletics Victoria Cross-Country & Road (XCR) series, our men fought hard against the best runners in Victoria to avoid relegation in Division 1 and Division 2 and keep Collingwood Harriers representing at the top level of the sport. Following relegation from Division 3 in the previous season, our Division 4 team came through strongly to finish 3rd and the 40+ team came 2nd, which shows our depth. The best male athlete of the season was Tim Bryant, completing most of the races and coming in first for the club.

WOMEN'S HIGHLIGHTS

The women had a great year with the Division 1 team finishing 3rd overall and winning the Cruden Farm round. Our athletes tend to perform strongly over the longer, tougher courses and we are brilliantly positioned to challenge for the premiership during winter 2019. On top of this, our Division 3 team won the year and gained promotion to Division 2 for 2019. Division 4 and Division 5 were also highly placed and our 40+ team came 2nd overall. In her first year of AV competition Amy Robinson qualified for the open women's state cross-country team, an incredible achievement. Erchana Murray- Bartlett also had a break through year with a 2nd in the Burnley Half Marathon, which launched her into podium placings in the Sydney and Melbourne Marathons.

JUNIOR HIGHLIGHTS

In the juniors, our U14 boys team won again with three of the boys; Wolfgang, Mason and Guy all featuring in the top 10 individual ladder. The U18 girls also had many strong performances, with the team medalling in Cross Country and Tan relays.

Liam Delany

Winter Team Coordinator 2018-19

SUMMER SEASON REPORT

In any 'usual' season, appearances in both the women's and men's Premier Division finals would be a source of immense pride and excitement for the future of the Club. However it could also be seen as an indictment of the present state of the sport in Victoria that Collingwood Harriers was able to reach this level despite our lowest competitor numbers for many seasons.

The Club finished on top of their respective ladders in the Red Zone competition, although this was achieved despite, on a couple of occasions, having only two competitors on show for the Saturday afternoon frolics. Our women's team had only six athletes qualify for the final, one of whom was unfortunately overseas on the day. The men were a little better off with ten present for the final, but even this sours a little when the list shows only three of these under the age of forty.

The roll up of athletes each Saturday was disappointing, with the total at the various venues usually totalling in the low twenties, and a couple of efforts below the score. One should keep in mind that just three years ago our attendance was regularly in the fifties even reaching seventy on one occasion.

Athletics Victoria's scheme of separate registrations for the summer and winter season has certainly not helped our Club, with the majority of our winter participants choosing not to participate in the Shield competition. Distance running, once a real strength of Collingwood Harriers supplied very few points during the recent summer season.

Mention must be made of the under 14 boys, who were the only other team to make it to Albert Park for the big dance. The boys also were short on numbers, but performed admirably on the day.

Sadly all Collingwood teams finished down the table in the final results, but that was certainly not the fault of those in attendance – no-one could question the commitment of the Collingwood crew that day!

But what of the future?

The refurbished track has received very favourable comments from users – that's a plus!

We have a terrific Coaching Coordinator, Andrew Dawson. This has seen a much more organised set-up at Collingwood. Andrew, along with Grant Sargent, Scott Lovell, Chris Boylen, Liam Delany, Jim Sayer and very valuable access to Tom Hancock has the potential to provide a terrific springboard for the Club for many years to come.

But we need the athletes to make a commitment to compete for the Club.

While Park Run and the Miler's Club, among others, give great opportunities to individuals to have a run, appearances at these get-togethers do not directly benefit the Club.

We need athletes on the track on Saturday afternoons!

There were not a lot of real highlights during the summer season, mainly because there was a lot less performances from Collingwood athletes.

* * * * *

However mention must be made of the great efforts of Chiara Santiglia and Wolfgang Cotra Nemesi who both produced several new Club Records during the season. Chiara, while still running as an under 16, broke an Open record, among others, that had stood since the 1970s. Wolfgang's times of 2:01.80 (800m) and 4:15.27 (1500), still as a thirteen year old, perhaps rank as a couple of the best performances on our books.

Tomas Fedele and Emily Noonan deserve kudos for registering late in the season, post the conclusion of their year twelve commitments, and still squeezing in enough competitions to qualify for the finals.

Congratulations to both Chiara Santiglia and Nathan Andersen for their wins in the time honoured Club 100 yards Championships.

* * * * *

Because of the track work the Club was unable to conduct the Magpie Multies in 2018. This was particularly disappointing given the success of the 2017 shindig – the best ever!

* * * * *

Thanks to Doug Leutchford for his efforts during the summer in recruiting the required numbers to fulfil our 'Club Helper' requirements. As our competitor numbers drop, the pool of possible volunteers also decreases. Quite often we rely on parents to put in a couple of hours of a Saturday to do the pit raking or the high jump bar replacing. Although we did have a couple of newbies, the old faces were usually on the job.

Steve Griffiths

(for Doug Leutchford - Summer Team Coordinator 2018-19)

COACHING REPORT

The role of coaching coordinator was officially created by the CHAC committee in the second half of 2018, and I am immensely grateful for being given the opportunity to step into this role.

Presently we have 28 accredited coaches working with athletes from the Collingwood Little Athletics, the Collingwood Harriers and the Collingwood Masters athletics programs. We have been fortunate to have coaches who can coach most summer and winter athletics disciplines, although we could do with one or two more in particular events.

The coaching coordinator's role has several functions that contribute to the long-term development of the Collingwood programs. One important role is to facilitate the training and development of the next generation of coaches. I'm delighted to say that we have begun the development of five junior coaches: Chiara Santiglia, Lucy Leutchford, Lachlan Sayer, Grace Young and Mikaila Young. All five coaches have made a great contribution to the Little Athletics program in the last 12 months and have also acted as excellent role models for our juniors who are stepping up to senior competition.

Another important role of the coaching coordinator is to provide support and development opportunities for our current coaches. Over the past 12 months several of our senior coaches have engaged in further training (through Athletics Victoria) supported by the club, and we are constantly on the lookout for further development opportunities.

On a more ad-hoc basis I have been pestering coaches with links to a variety of you-tube videos and coaching articles and am now collecting resources for a more structured on-line coach development library.

One area I am keen to pursue more formally in the next 12 months is for our sprints, jumps and throws coaches to gain certification in Strength and Conditioning coaching. This will help their development as coaches and their athletes will also benefit from being stronger, more powerful and more resilient.

Coach development is an on-going process and is a requirement for all accredited athletics coaches. A coach who continues to learn and grow not only benefits their own and their athletes' careers, but also supports the growth of the club and the sport.

Finally, congratulations to all the coaches who have made a significant contribution to the improvement of their athletes, whether it be achieving PBs or podium finishes at state and national championships. Your hard work and dedicated to your athletes and your own development is paying off and I will do my best to support you over the next 12 months.

Andrew Dawson

Coaching Co-Ordinator 2018 - 19

POLE VAULTING REPORT

The pole vault squad had a disrupted year having to relocate during the track redevelopment; but our new runway is great to vault on, making it all worthwhile. Thanks go to Warren Hill and Melbourne University for allowing us to co-locate during the track outage. We inter-mixed vaulters and coaching sessions, resulting in several Melbourne Uni vaulters continuing to train with us once a week. We hope this continues as it benefits athletes and coaches to try new approaches and see new athletes. The squad continues to accept athletes from any club, unlike many other squads in Victoria and this resulted in us having athletes train with us from Melbourne Uni, Western Athletics, Preston, Diamond Valley, Box Hill, Brunswick, Coburg and Richmond. Some attended a few sessions for a refresher before major events and others for the whole season. Many achieved performances above their initial expectations and several managed new PBs.

Due to the works, the squad numbers were down over winter and a few did not return for summer. Several opted not to take the AV summer package due to cost and only competed at the Rare Air events, but were retained as club members. Two Collingwood juniors took up vaulting during the season and are steadily improving; vault is not a sport you master quickly! Recruiting was put on hold with the track work but is now once again underway. As part of the "Back to Track" I ran a vault clinic, which was well attended. We aim to hold further clinics in the next 12 months to encourage recruitment.

The summer season finished with state and national championships. All three competing Masters athletes medalled at the state champ and are looking forward to nationals. We had two athletes go to AA Nationals with Tamara making the Open Women's final and vaulting 3m60. Phoenix joined us late in the season and despite this managed an 80cm improvement and booked his place at nationals (U17). He managed an equal PB in the final of 3m40. Hopefully we can have a few more at nationals next season.

I would lastly like to thank the squad for their perseverance and support. The squad has a happy, friendly and encouraging attitude at training and competition and I'm looking forward to another great year with them all.

Christopher Boylen

Collingwood Pole Vault Squad Coach (IAAF level 3 Jumps)

CITY OF YARRA KEY PERFORMANCE INDICATORS

The Club has the use of the track and clubroom facilities at the George Knott Reserve pursuant to a licence agreement with the City of Yarra.

The current licence agreement commenced on 18 October 2018 for a term of 5 years. Pursuant to the agreement the Club is required to comply with the following key performance indicators. At the end of the first year of the licence, the Club must report to the City of Yarra its compliance with the required measures.

It is anticipated that this reporting will be done via the Club's annual report.

Objective One: Planning

To plan for and deliver quality sports services and programs that meet the changing needs of the Yarra community and result in increased levels of participation and wellbeing.

Council Actions	Sports Club Actions	Expected Outcomes	Measure
Monitor Sports Club Usage Agreements, collate data on sports participation and evaluate social obligation initiatives	Provide Council with annual membership numbers including members postcodes, gender and age breakdowns.	Maintain or increase participation levels at the club	Information provided to council by 1st October each year. Provide Council with Annual Membership figures and breakdown of types of membership categories. Club provide Annual Financial Statement
Monitor costs of participation for local sport and recreation	Provide Council with annual hire fees and charges for booking of George Knott Athletics Facility Provide Council with annual membership fee	Facilities are accessible and costs to participate are managed	Information provided 1st of October each year

Objective Two: Participation

To increase access to and participation in sporting activities for the Yarra Community.

Council Action	Sport Club Action	Expected Outcomes	Measures
Work with local sports clubs, sporting associations and State Sporting Associations (SSA's) to develop appropriate entry pathways for social housing tenants, CALD communities, older adults, women, young people and people with a disability.	Club to promote athletics to local communities. Seek new partnerships with local schools and community groups to increase participation	More people are introduced to Athletics as a sport	Club to report to Council activities and initiatives that drive new participation. This may be through AGM minutes
Inclusive Clubs	Club to promote and encourage gender equity and participation	Committees are diverse and inclusive places	Club provide Council a listing of club committee members and positions each year. Club to promote female inclusion and access to athletics

Objective Three: Promotion

To increase residents' awareness and knowledge of local sport opportunities

Council Actions	Sports Club Actions	Expected Outcomes	Measures
Promote activities and events that			

Council Actions	Sports Club Actions	Expected Outcomes	Measures
encourage participation in sport and recreation	Club to maintain website and social media	Club information is accessible	Website and social media is up to date Council to provide listing of the club on CoY website and on social media

Objective Four: Club Capacity Building

Council Actions	Sports Club Actions	Expected Outcomes	Measures
Assist and encourage sports clubs to become registered and accredited with relevant SSA and Government programs and activities.	Collingwood Harriers is affiliated with Athletics Victoria	CHAC is a registered venue for Athletics	
Council training and information sessions	Club to attend Council training and information sessions	At least 1 member of CHAC attend each session	100% attendance
Child Safety Act	CHAC committee to develop policies that ensure club and members compliance with Child Safety Act 2015	All children and volunteers are protected. All club volunteers have valid Working with Children accreditation	Any reports of incidents are reported to Council within 5 business days of being lodged.

Objective Five: Facilities

To plan for and manage Yarra sports facilities in a manner that maximises opportunities for participation in sport whilst protecting and improving the facilities and open spaces.

Council Action	Sports Club Actions	Expected Outcomes	Measures
Council is committed to improving the accessibility, functionality and carrying capacity of its sport facilities.	Collingwood Harriers to maintain the interior of the facility	Facility is well maintained	Club and Council follow Maintenance Responsibilities. Any maintenance requests are actioned within council timeframes
Council to provide Collingwood Harriers with yearly fixtures	Collingwood Harriers to submit list of required winter dates as AV provides calendar	That the facility is used and responsive to the needs of the Yarra community	Council to provide to CHAC within 5 business days of publication any information on Winter Season commencement dates
Implement a range of new procedures and agreements for maximising use of Council facilities and grounds including new tenure agreements, a new fees and charges structure and incentives to promote greater participation in sport.	Collingwood Harriers to continue to coordinate bookings for schools and other hirers. This includes opening of facility & cleaning at conclusion of event.	Usage of the facility is managed and trends are identified	CHAC to provide to council quarterly booking report
